KNECK OFFICIAL

Home Science — Paper 1

441/1 • ORIGINAL REVISION SET 01 • 2 hours 30 minutes • 100 marks

Name: _____ Class: _____ Date: _____

Independent KCSE-style practice. Not issued, endorsed or predicted by KNEC. These are original questions, not leaked or past official papers. Component numbering is checked against the KNEC 2026 timetable. A teacher should review these practice materials before formal classroom assessment.

CANDIDATE INSTRUCTIONS

Answer all of Sections A and B and ANY TWO essays in Section C. Respect food hygiene, household safety and evidence-based health advice.

Use a separate answer booklet. Show working where appropriate. The marking guidance begins after the END OF QUESTIONS page; do not consult it until you finish. Practical and project components require the stated equipment and teacher supervision, not merely a printed worksheet.

SECTION A

40 marks.

1. Name two energy-giving nutrients and explain one function of each; state why water is essential. [5 marks]

2. State five food-handling practices that reduce contamination. [5 marks]

3. Give five factors in planning a balanced family meal. [5 marks]

4. State five safety precautions when caring for a young child. [5 marks]

5. Give five properties of cotton useful in clothing. [5 marks]

6. Name five basic sewing tools and state their uses. [5 marks]

7. Give five principles for effective household budgeting. [5 marks]

8. State five ways to conserve energy safely in a home. [5 marks]

SECTION B

30 marks.

9. A family meal consists only of white rice and sweet tea. (a) Identify three likely nutritional limitations. (6) (b) Suggest three affordable improvements with reasons. (6) (c) Give three safe storage practices for cooked rice. (3) [15 marks]

10. A cotton shirt has a loose button, a small torn seam and a greasy stain. (a) Describe safe stain treatment and laundering. (6) (b) Explain repair of the seam and button. (6) (c) State three finishing/storage measures. (3) [15 marks]

SECTION C

Choose two; 15 marks each.

11. Explain preparation of a hygienic, economical balanced lunch for an active adolescent, including menu choice, workflow, cooking methods and serving. [15 marks]

12. Describe responsible care of a sick person at home, including hygiene, comfort, fluids, medicine safety and indications for seeking professional care. [15 marks]

13. Explain the process of making a simple garment from measurements to final pressing, and discuss quality checks. [15 marks]

END OF QUESTIONS

MARKING GUIDANCE

Home Science • Paper 1 • Set 01

Suggested answers and assessment guidance, not an official marking scheme. Accept equivalent correct reasoning, valid examples and properly justified alternative methods. Marks for an item must not exceed its printed allocation. For essays use relevant textual evidence and the rubric; no plot summary alone.

SECTION A

1. (5 marks) Carbohydrate and fat with energy functions4; hydration/transport/temperature regulation1.

2. (5 marks) Handwashing,separate raw/cooked,clean surfaces,safe temperatures,safe water,covered storage; five.

3. (5 marks)
Age/activity/health,nutrients,budget,availability,culture,preferences,time/equipment,allergies; five.

4. (5 marks) Supervision,choking prevention,safe sleep,burn protection,secure medicines,clean feeding,road/water safety; five.

5. (5 marks) Absorbent,breathable,strong when wet,washable,heat tolerance,non-thermoplastic; mention creasing/shrinkage only if linked to selection/care; five.
