KNECK OFFICIAL

Home Science — Paper 2

441/2 • ORIGINAL REVISION SET 01 • 2 hours 30 minutes • 100 marks

Name: _____ Class: _____ Date: _____

Independent KCSE-style practice. Not issued, endorsed or predicted by KNEC. These are original questions, not leaked or past official papers. Component numbering is checked against the KNEC 2026 timetable. A teacher should review these practice materials before formal classroom assessment.

CANDIDATE INSTRUCTIONS

CLOTHING CONSTRUCTION PRACTICAL. This original skills sample uses an explicit self-drafted pattern, not an official KNEC garment pattern. Work under a teacher. Use a sewing machine only after safe instruction. Complete all tasks; submit the fabric sample and paper pattern.

Use a separate answer booklet. Show working where appropriate. The marking guidance begins after the END OF QUESTIONS page; do not consult it until you finish. Practical and project components require the stated equipment and teacher supervision, not merely a printed worksheet.

SUPPLIED MATERIAL / RESOURCE

Per candidate: cotton fabric at least 50×60cm, two 35cm cotton tapes 2–3cm wide, matching thread, pattern paper, ruler/set square, tape, chalk, pins, scissors, iron and sewing machine. No hidden diagram is needed: draft from the exact dimensions above. Finished product is an apron skills sample, not a full fitted adult apron.

PRACTICAL — APRON SKILLS SAMPLE

Materials and complete drafting specification are supplied below.

1. Draft and cut: draw rectangle ABCD 30cm wide × 40cm long on paper, grain parallel to 40cm side. This is the body cut size INCLUDING allowances. Mark 1cm turn-under plus 2cm second turn at top, 1cm+1cm double turns at sides and bottom. Pocket cut size 14×16cm including allowance; mark 1cm+2cm top turn and 1cm at other edges. Label grain, cut quantity 1 each and name. Lay out and cut accurately. [20 marks]

2. Prepare and machine the top body double hem and both side hems. Finish corners neatly and keep stitch lines even. Secure beginnings and ends without bulky knots. [25 marks]

3. Make pocket top hem, press remaining allowances under, position pocket centrally: its finished top edge 10cm below the finished top body edge. Attach side and bottom edges, leaving top open; reinforce upper corners. [25 marks]

4. Attach two finished cotton tape ties, each 35cm long, at the upper side corners; turn raw tape ends under and secure with a neat box or reinforced stitching. Make bottom double hem and trim loose threads. [20 marks]

5. Press safely and present the sample. Complete a brief quality checklist for dimensions, hems, pocket position, stitch quality and tie security; state two improvements. [10 marks]

END OF QUESTIONS

MARKING GUIDANCE

Home Science • Paper 2 • Set 01

Suggested answers and assessment guidance, not an official marking scheme. Accept equivalent correct reasoning, valid examples and properly justified alternative methods. Marks for an item must not exceed its printed allocation. For essays use relevant textual evidence and the rubric; no plot summary alone.

PRACTICAL — APRON SKILLS SAMPLE

1. (20 marks) Body dimensions/allowance markings8; pocket dimensions/marks5; grain/labels3; economical accurate layout/cut4. Finished body target26×35cm after side/top/bottom turns; pocket target12×12cm.

2. (25 marks) Accurate folds8; straight even stitch length/tension7; secure ends4; corners/flatness4; cleanliness/handling2.

3. (25 marks) Pocket preparation7; central position/10cm measurement5; stitching on three correct sides6; reinforcement4; squareness/flatness3.

4. (20 marks) Correct tie location/length6; turned safe ends4; secure attachment4; bottom hem4; thread trimming2.

5. (10 marks) Appropriate safe pressing3; five checks5; two realistic improvements2.

REVISION CHECK

Mark your work, list three misconceptions, revise those topics and attempt the incorrect questions again without the guide. These topics are revision priorities, not a forecast of the real examination.
